(I) Electric transmission property capital expenditures. The term "electric transmission property capital expenditures" means any expenditure, chargeable to capital account, made by the taxpayer which is attributable to electric transmission property used by the taxpayer in the transmission at 69 or more kilovolts of electricity for sale. Such term shall not include any expenditure which may be refunded or the purpose of which may be modified at the option of the taxpayer so as to cease to be treated as an expenditure within the meaning of such term.

(II) Pollution control facility capital expenditures. The term "pollution control facility capital expenditures" means any expenditure, chargeable to capital account, made by an electric utility company (as defined in section 2(3) of the Public Utility Holding Company Act (15 U.S.C. 79b(3)), as in effect on the day before the date of the enactment of the Energy Tax Incentives Act of 2005) which is attributable to a facility which will qualify as a certified pollution control facility as determined under section 169(d)(1) by striking "before January 1, 1976," and by substituting "an identifiable" for "a new identifiable". Such term shall not include any expenditure which may be refunded or the purpose of which may be modified at the option of the taxpayer so

as to cease to be treated as an expenditure within the meaning of such term.

(J) Certain losses attributable federally declared disasters. In the case of a taxpayer who has a qualified disaster loss (as defined in subsection (j)), such loss shall be a net operating loss carryback to each of the 5 taxable years preceding the taxable year of such loss.

(2) Amount of carrybacks and carryovers. The entire amount of the net operating loss for any taxable year (hereinafter in this section referred to as the "loss year") shall be carried to the earliest of the taxable years to which (by reason of paragraph (1)) such loss may be carried. The portion of such loss which shall be carried to each of the other taxable years shall be the excess, if any, of the amount of such loss over the sum of the taxable income for each of the prior taxable years to which such loss may be carried. For purposes of the preceding sentence, the taxable income for any such prior taxable year shall be computed—

(A) with the modifications specified in subsection (d) other than paragraphs (1), (4), and (5) thereof, and

(B) by determining the amount of the net operating loss deduction without regard to the net operating loss for the loss year or for any taxable year thereafter, and the taxable income so computed shall not be considered to be less than zero.

(3) Election to waive carryback. Any taxpayer entitled to a carryback period under paragraph (1) may elect to relinquish the entire carryback period with respect to a net operating loss for any taxable year. Such election shall be made in such manner as may be prescribed by the Secretary, and shall be made by the due date (including extensions of time) for filing the taxpayer's return for the taxable year of the net operating loss for which the election is to be in effect. Such election, once made for any taxable year, shall be irrevocable for such taxable year.
