Reg. Section 301.7701-2(a)

Business entities; definitions

- (a) Business entities. For purposes of this section and § 301.7701-3, a business entity is any entity recognized for federal tax purposes (including an entity with a single owner that may be disregarded as an entity separate from its owner under § 301.7701-3) that is not properly classified as a trust under § 301.7701-4 or otherwise subject to special treatment under the Internal Revenue Code. A business entity with two or more members is classified for federal tax purposes as either a corporation or a partnership. A business entity with only one owner is classified as a corporation or is disregarded; if the entity is disregarded, its activities are treated in the same manner as a sole proprietorship, branch, or division of the owner. But see paragraphs (c)(2)(iv) and (v) of this section for special employment and excise tax rules that apply to an eligible entity that is otherwise disregarded as an entity separate from its owner.
